- a. You must pay the excess (as set out in section 4) before Brightstar will replace your phone.
- b. If your phone is damaged or breaks down, it must be returned to Brightstar. You will need to hand it over when the replacement phone is delivered.
- c. Following loss or theft of your phone, you must notify your network provider as soon as reasonably practicable after the event so they can block your phone. Failure to notify your network provider of the loss or theft of your phone may affect your ability to make a claim under this policy.
- d. Your original phone will become Brightstar's property once a replacement phone has been issued. If a lost or stolen phone is then found, you must contact Brightstar immediately to arrange its return.
- e. You will need to confirm the IMEI number of your phone when making your claim. You can obtain this from your phone by dialing ***#06#** on the phone's keypad. Alternatively, you can find it on the box your phone came in or on the receipt.
- f. If your phone has been stolen, you must report it to the police, and request a crime reference number as this report may be requested by Brightstar to validate your claim.

If your claim is for damage or breakdown, before Brightstar can arrange replacement of your phone, you must ensure any information, data, photos or apps are updated before disconnecting it from any external systems, data storage or security systems that it's linked to, such as Apple Find My iPhone or iCloud.

This process will be explained during the assessment of your claim and Brightstar will check that it has been disconnected before arranging your replacement. No replacement phone will be issued if your phone is reconnected to any external systems.

-
- h. If your phone is being replaced, Brightstar will try to provide you with the same make and model of phone, although it may be a different colour. In the unlikely event that Brightstar's suppliers do not have your phone in stock, Brightstar will offer you an alternative phone. This will be at least the equivalent technical specification of your phone but may be a different make, model or operating system or have different features and functions.
 - i. All replacement phones that are refurbished models will come with a 12-month warranty provided by Brightstar. In the unlikely event that your replacement phone develops a fault, please contact Brightstar on 0370 600 0661. The team will guide you through some checks and if the issue cannot be resolved over the phone, they will arrange for your phone to be returned for repair. Phone repairs under this warranty do not affect your insurance claims limit and there is no excess to pay. Cover for breakdown under your insurance policy will resume when Brightstar's warranty expires.
 - j. All stock that is refurbished uses genuine parts. It will have been refurbished by the manufacturer or by a manufacturer accredited repairer and will be in an 'as new' condition, meaning it will be fully working with brand new cosmetic parts. In the unlikely event that the replacement phone you receive has cosmetic damage when you receive it, you must notify Brightstar within 72 hours of accepting the delivery. If you notify Brightstar later than this, they may deem the damage to have occurred after the phone was received by you. Cosmetic damage to the replacement phone Brightstar have provided you with is not covered under the warranty.

Statement of Needs

We have not provided you with a personal recommendation as to whether this policy is suitable for your specific needs.

Holiday tips

1. Check that the tap water is safe to drink. Unless you know it is safe, always drink bottled water and avoid ice in your drinks and ice cream.
2. The sun on holiday can be much more powerful than you are used to at home. To prevent sunburn and sunstroke, do not stay out in strong sunlight between 11am and 3pm, and always wear suncream.
3. Think before you dive. Check the depths of swimming pools and the sea and only dive in if you are sure that the water is deep enough.
4. Please ask and follow local advice on health and safety in your resort area.
5. Do not pack valuables, money and important documents in the baggage that you check in at the airport. Keep them with you at all times during your trip.
6. Do not take more cash than you need.
7. If you are taking particularly valuable items on holiday, you should insure them under the 'all risks section' of a household contents insurance.
8. Never leave your belongings unattended or with strangers, particularly at airports and on the beach, or in vehicles.
9. Leave in plenty of time to get to the airport, port or train station before the check in time shown.
10. Make sure that all passports, visas, vaccinations and health requirements are up to date and be sure to take all the documents you need with you.

Health

Your insurance contains conditions that relate to your health and the health of others who might not be travelling with you but whose well being your trip may depend on. In particular we may not cover medical problems which you or they had before you booked your trip.

Your belongings

Many claims for loss or theft are caused by people being careless with their belongings. If you do not take good care of your belongings, it can be upsetting and inconvenient for you and we may not pay your claim.

Excesses

Under most sections of this insurance you have to pay the first part of any claim (an excess). This amount is shown under each of the sections where it applies.

Law

This insurance will be governed by English Law unless we agree otherwise.

The language used in this and all other documents relating to the policy is in English. All future communications both verbal and written will be in English unless otherwise agreed.

Hospital treatment abroad

If you go into hospital abroad and you are likely to be in hospital for more than 24 hours, someone must contact our assistance services for you immediately. If they do not, this could mean we will provide no cover or we reduce the amount we pay for medical expenses.

If you receive medical treatment abroad as an outpatient, you should pay the hospital or clinic and claim back your medical expenses from our assistance services when you return to the United Kingdom, Republic of Ireland or Channel Islands.

Returning early to the United Kingdom, Republic of Ireland or Channel Islands

If you have to return home under section A (Medical and other expenses), section B (Sending you home in an emergency) or section G (Cancelling and cutting short your holiday) our assistance services must authorise this. If they do not, this could mean that we will not provide cover or we may reduce the amount we pay for your return home.

Note to all insured people, treating doctors and hospitals

Privacy Notice

This privacy notice tells you what we do with information we collect about you. It's relevant to anyone who uses our services, including policyholders, prospective policyholders, website users and beneficiaries under our policies, such as named drivers. We refer to all these individuals as “customers” or “you” in this notice.

1. Who “we” are

2. What information do we collect about you?

Information collected from you & cookies policy

Where we have collected information directly from you it will usually be obvious what this is, as you will have given it to us. This might not be the case where we have used cookies to collect information from your computer or portable electronic devices. Please see our cookies policy for more information.

Information collected from others

We can collect information about you from others. This includes information from:

- **Royal Bank of Scotland group of companies**, who we partner with to provide your insurance policy.
- **Joint policyholders or policy beneficiaries**. Where you are named on a joint policy or a beneficiary of that policy we may collect information about you from any named policyholder. We will ask them to confirm that they have your permission to give us this information about you.
- **Fraud prevention, law enforcement or government agencies and other data sources used to prevent or detect fraud or provide details to us about criminal convictions or offences.**
- **HM Treasury and other authorities in relation to regulatory issues** e.g. where someone is subject to a financial sanction they will appear on HM Treasury's asset freezing list.
- **Credit reference agencies** e.g. credit searches that are made when we produce a quotation for a new policy or at renewal. (Note that the results of these searches are automatically deleted after 12 months and do not affect your ability to obtain credit.) Please also see section 4 overleaf.
- **External sources** such as **no claims discount databases**, the electoral role and insurance comparison websites to help us decide what the risk is in selling the policy **and from companies that hold information about insurance renewal dates, marital status, household residents, vehicle details, employment status and household income** to help us work out which information we should provide to you about our other products and services.

Sensitive personal information

We collect information that is sensitive, such as information about children, health or geo-location (which may be sensitive personal information because, for example, it can pinpoint your location at a hospital), and information related to unspent past criminal convictions or offences. We also collect your sensitive personal information for specific types of policy or applications, for example when offering you a travel policy or a driving application e.g. Telematics. We obtain this from your mobile devices for driving applications and the following people:

Travel Insurance Certificate and Policy Document Continued

- The main policyholder will provide most of the information we collect about health (including confirming whether hospital treatment is being sought) and unspent criminal convictions or offences, including on behalf of others named on the insurance policy e.g. medical screening to support a travel policy;
- Fraud prevention or law enforcement agencies may provide details to us about criminal convictions or offences;
- Witnesses to an accident may provide medical information to us if there is an investigation of a claim;
- We may use information about a child, for example, where the child is a beneficiary under a policy or if involved in an accident.

We collect and use this information as part of your insurance quotation or contract with us, or where it is necessary for a legal obligation, or as part of the establishment or defence of a legal claim.

3. What do we do with information we collect about you and why may we do this?

We use your personal information in order to meet our obligations in our contract of insurance with you. We and other companies within our group of companies use your personal information in the following ways:

A. Provide insurance services

When you request us to provide you with a quote for one of our insurance policies or you purchase an insurance policy from us, we use information about you:

- To decide what the risk might be in selling you the policy, to quote for, and provide you with, a premium for that policy and any special terms that may apply to that policy (noting that we may use automated decision making to make this assessment - see section 9 overleaf);
- To administer your policy and monitor the payment of instalments if you pay your premium in this way;
- To contact you about the policy (e.g. for billing or renewal purposes); and
- To provide the agreed service if you make a claim (e.g. sending someone to assist you in a roadside breakdown situation or to provide you with medical assistance if you are injured or unwell when overseas).

We cannot provide the services unless we use the information about you in this way.

B. Do what we are required to do by law

As part of our duty as an insurer providing insurance services, sometimes we are required by law to use information about you:

- To help make sure our customers are being treated fairly (e.g. to assist our regulators where we have a legal duty to do so);
- To deal with complaints;
- To help prevent and detect crime (including, for example, the prevention or detection of fraud); and
- To comply with a legal or regulatory obligation.

We can use your personal information in this way because we are required to do so by law.

C. Prevent fraud occurring

Fraud has an impact on all customers as it increases costs for everyone. We use your personal information to check for signs that customers might be dishonest (e.g. if someone has behaved dishonestly in the past it may increase the risk they will do so in future).

We may use your personal information in this way because it is in our interests to detect fraud and in all our customers' interests to ensure that they are not prejudiced due to increased premiums as a result of a few customers acting dishonestly.

D. Recover debt

If you owe us money we will use your personal information to help us recover it.

We can use your personal information in this way because it is a necessary part of the contract of insurance. We need to ensure that premiums are paid so that the majority of our customers do not suffer (e.g. through increased premiums) due to the actions of a small minority of customers.

E. Where your or another person's life may be at risk

We will use your personal information to assist where your or another person's life or health is in danger and obtaining your permission is not possible (e.g. arranging emergency medical treatment in a remote location).

F. To administer and improve our services

- To administer our services we will share information with others (including to people or organisations that may be based overseas);
- In order to enable us to process your claim or administer your insurance policy more cost effectively;
- To help develop our products, services and systems to deliver you a better sales and claims experience in the future; and
- To understand how our prospective customers make decisions about which insurance policy is the optimal policy.

We may also process your personal data to better understand you as a customer, including to determine how best to retain your custom, and to ask you to provide feedback on the service we provide to you.

We can use your personal information in this way because it is in our legitimate interests to provide the services in the most efficient way. We will always ensure that we keep the amount of your personal information that we collect and the extent of any processing to the absolute minimum to achieve this efficiency.

4. Who do we share your personal information with and why do we do it?

We may share your personal information with third parties and other companies within our group of companies for the purposes mentioned in section 3 overleaf. A list of our group companies can be found at www.u-k-insurance.co.uk/group-companies.html. Alternatively, you can contact the Data Protection Officer for a list of them. Please see section 10. You should make sure everything you tell us is correct because your records may be checked in the following circumstances:

- When you apply for insurance, financial services, or work;
- By police and other law enforcement agencies.

In particular we share information with:

- **Royal Bank of Scotland group of companies**, we will provide them with information about your insurance policy, premium and claims history.
- **Fraud prevention agencies that provide databases and services**, such as CIFAS, National Hunter, SIRA and ENI, to prevent or detect fraud.
 - Fraud prevention agencies will process this personal information in order to assist our prevention of fraud and money laundering, and to verify your identity and may also process your personal information in order to prevent fraud and money laundering by other people.
 - Fraud prevention agencies will hold your personal information for up to 1 year, or up to 6 years if you're considered to pose a fraud or money laundering risk.
 - If we or a fraud prevention agency determine that you pose a fraud or money laundering risk, we may refuse to provide the services and / or financing you have requested.

Travel Insurance Certificate and Policy Document Continued

A record of this risk will be retained by the fraud prevention agencies, and may result in others refusing to provide services or financing to you. If you have any questions about this, please contact the appropriate fraud prevention agency.

- **Law enforcement or government agencies** we and fraud prevention agencies may permit law enforcement or government agencies to access and use your personal information, if they request it.
- **Credit reference agencies** help us decide whether to offer you credit if you choose to pay your premium by instalments. We share this information when you first take a policy with us and at each renewal. We may exchange your personal information with credit reference agencies to reflect your credit application (as payment by instalments means that there will be a credit agreement between us). We will let you know before we do this. This will be visible to other credit providers. Failure by you or anyone who pays for your policy to keep up the monthly payments due under your credit agreement will be reflected in your credit score, not theirs. The identities of the credit reference agencies and the ways in which they use and share personal information are explained in more detail at www.experian.co.uk/CRAIN. Alternatively, you can call us and we will send you a copy.
- **Your spouse or partner** who calls us on your behalf, provided they are named on the policy. Please tell us who they are when you take out your policy. If you would like someone else to deal with your policy on your behalf on a regular basis please let us know. In some exceptional cases, we may also deal with other people who call on your behalf, but only with your permission. If at any time you would prefer us to deal only with you, please let us know.
- **Other insurance companies** to help settle any insurance claim or to verify that the information you have provided is correct (e.g we will check the amount of No Claims Discount you have told us with your previous insurer).
- **Insurance industry bodies** such as The Motor Insurance Database to meet our obligations under the Road Traffic Act.
- **Insurance industry databases**, such as the Claims and Underwriting Exchange where you make a claim so that insurers can check that your claims history is correct, the Insurance Fraud Register and, for commercial policies, the Employers' Liability Tracing Office.
- **Government bodies**, such as the Driver and Vehicle Licensing Agency.

5. Will we send your personal information overseas?

We may send your personal information overseas to any part of the world. The protections given to your personal information in other parts of the world will often not be as strong as in the UK. Where possible, we will put in place agreements with the people we send your personal information to, to require them to treat your personal information with the same protections that we apply ourselves. Our agreements may include standard terms provided by the EU called EU Model Clauses or may require the other party to be signed up to government standards that are recognised as providing the right level of protection such as "privacy shield" in the USA. But it is possible that regardless of what is set out in the agreement this would not stop a government in any part of the world from accessing your personal information, as they can often have power to overrule any agreements we make. In some cases we might need to share information to carry out the services we have promised to carry out, for example if you require urgent assistance abroad. In such an urgent situation we may not always have the time to put in place the type of agreement we would normally want to.

6. How long may we keep your personal information for?

We are only allowed to keep your personal information if we need it for one of the reasons we describe in section 3 above.

As a general rule, we will keep it for 6 years from the end of your relationship with us, as it is likely that we will need the information for regulatory reasons or to defend a claim. For example, should you wish to bring some form of legal action relating to your relationship with us, this would generally need to be done within 6 years from the end of that relationship. However there may be exceptions where we need to keep your personal information for longer, such as where a claim has involved a minor.

We will also retain data in an anonymous form for statistical and analytical purposes, for example, to assess risk of flood damage occurring.

7. When can you ask us to stop using your information?

If we rely on your consent to collect and process your personal information, you can ask us to stop using your personal information at any time by withdrawing that consent and we will stop using your personal information for those purposes. We may rely on your consent to tell you about products or services which may be of interest to you or to use computers to make decisions about you to improve our services or develop our products (see section 9).

At any time, you can tell us to stop using your personal information to tell you about products or services that may be of interest to you or allowing computers to make decisions about you in order to improve our services or develop our products (see section 9). To find out how to do this, see section 10.

8. What happens if you don't give us some of your personal information?

Where you do not provide the personal information we need in order to provide the service you are asking for or to fulfil a legal requirement, we will not be able to provide the service that you are asking us to give you.

We will tell you about why we need the information when we ask for it.

9. When do we use computers to make decisions about you?

We will collect information about you and put this into our computer systems. The computer systems will make certain automated decisions about you which will be based on comparing you with other people. This will have an impact in terms of the level of premium or product that we offer to you or the products or services that we decide to tell you about. We may also use automated decision making to conduct an identity verification check.

For example, if you are under 25 years of age, the computer system may determine that you are more likely to have a car accident. This is because the computer system has been told that more people aged under 25 have car accidents. Another example is that, if you are under 25, the computer system may determine that you are going to be interested in a travel policy which covers high risk activity, such as skiing. Therefore, we would proactively seek to tell you about such policies as we would consider them to be of interest to you.

This is important because:

- **In providing insurance services** it helps us decide what price you should pay for your policy and understand any risks associated with that policy;
- **In identity verification** it helps us to check that you are who you say you are and to prevent others from imitating you;
- **In selling you other products** it helps us decide which other products might be useful to you.

Travel Insurance Certificate and Policy Document Continued

We also use computer systems to carry out modelling. Sometimes using your personal information and sometimes using data in anonymised form. We conduct this modelling for a variety of reasons, for example, for risk assessment purposes to make decisions about you, such as your likelihood to claim. However, we may also use your personal information in that modelling to make decisions about how we improve and develop our products and services, or our pricing and underwriting, or to better understand how our prospective customers make decisions about which policy is the optimal policy (i.e. we are not making decisions directly about you).

We will provide the information in a machine readable format so that another organisation’s software can understand that information.
5. To ask us not to use information about you in a way that allows our computer systems to make decisions about you (as explained in section 9).

Sometimes we will not be able to stop using your personal information when you ask us to (e.g. where we need to use it because the law requires us to do so or we need to retain the information for regulatory purposes).

In other cases, if we stop using your personal information, we will not be able to provide services to you, such as administering your insurance policy or servicing your claim.

We will tell you if we are unable to comply with your request, or how your request might impact you, when you contact us.
